TUESDAY, MARCH 24, 1903.

CLIMATE OF EDMONTON DISTRICT.

The seasons are divided as follows:

Snow leaves, plowing begins and river breaks up early in April. Rain begins, crop grows, and trees leaf out in latter end of May. June and July are the months of principal rainfall and growth. Crop begins to ripen in August, but September is the harvest month. Crop growth ceases in September with the early fall frosts, averaging about the 20th. The ground freezes and the river closes early in November. Sleighing generally comes late in December, and continues until more than two feet deep, seldom drifted and never crusted.

The following table gives the highest and lowest temperatures at the government meteorological office, Edmonton, for the months and years mentioned. Also the actual average temperature for the month:

The minus mark in the above table means below zero. Frost is 32 degrees above freezing. The killing fall frost takes place in September. In 1902 this frost was on the 17th when the thermometer registered 25 degrees of heat or seven degrees of frost. This is about the usual date of the coming of the fall frosts. August is the month of greatest danger from frost, as owing to the condition of the wheat crop then it will suffer greatly from even a slight frost.

The following table gives the inches of water falling as rain or snow, and highest velocity of wind, for each month mentioned:

"PICCADILLY-THE BEST"

MEN'S CLOTHING

Men's Suits, some new ones. Just about now you'll be glad to see some distinctly new goods, fresh ideas in the way of fabrics—large plaids, broken checks, narrow stripes in brown and gray effects—in fancy chevrons. The man who wants something "a little different" will appreciate the present showing of

PICCADILLY CLOTHING

There is a difference in clothing as in men. There are no better clothes made than those we are showing, but there are higher prices. A hot iron and a ton weight can press out a poorly made suit so that it looks very fine in a window. But only good, careful tailoring and all-wool cloth can make a suit hold its shape and look well for months and months. No need to argue with yourself, even though you have a good suit or overcoat. Will not another be welcome, if it's but to relieve a monotonous sameness? Many of these suits are of medium weight, and you could not find better for spring service. They are all identified by the "PICCADILLY" label. That makes them all the more desirable.

A good address goes a long way in aiding a man to forge to the front. We materially assist in giving you a presentable appearance by furnishing fashionable cut attire at prices below tailor made. Elegant patterns, careful workmanship. No clothing fits like ours.

"PICCADILLY-THE BEST"

BOY'S CLOTHING

CLOTHING THAT DEFIES JUVENILE GYMNASTICS

As a parent you know how near useless it is to admonish youngsters not to soil or tear their clothes. The only remedy is to get good clothes, but don't pay too much for them. Clothing is cheaper for a healthy boy than doctors' bills for a sick one. We plead for the boyish boy.

"PICCADILLY-THE BEST"

RAIN PROOF And other OVERCOATS

Cravenette fabrics go through a process that goes to the foundation of the cloth—the very fibres that make the wool that makes the yarn are made non-absorbent. No earmarks of waterproof, no odor—no stiffness—is porous to air. The power of "cravenette" is in disguise until attacked by rain.

We have them

WINNIPEG MARKETS.

Commercial, March 21.
Oats.—The week has been a comparatively quiet one in this market. Farmers have not been moving about much as the roads are bad. There is supposed to be a large quantity of oats still in farmers' hands throughout the west and this fact is keeping the market down. On the other hand there is a good shipping demand and the new settlers who are pouring into the country are liberal buyers, which are the principal bull features. As compared with a week ago the market is 1-2c lower. We quote: No. 1 white in carlots on track are worth 31c per bushel; No. 2 white, 29c, and feed grades, 27c. Farmers' loads on the street are bringing 28c, and at country points about 26c. Brokers are asking 26c to 27c for carlots in the country. Seed oats are worth 30c per bushel.

Barley.—The market is firm and the movement light. Dealers are paying 31 to 32c per bushel for feed grades on the street here.
Wheat.—Manitoba wheat has been quiet and dull all week, with the little trade passing, and the better inquiry noticed last week has fallen off. Prices, however, hold up well, and at close of business yesterday we quote 1 hard 73 1-4c, 1 Nor. 72c, Nor. 70c, and 3 Nor. 68 3-4c, for spot or March delivery, and for May delivery 1 hard 74 1-4c, 1 Nor. 73c, 2 Nor. 71 1-4c, and 3 Nor. 68c, all in store, Fort William, Port Arthur or Duluth.

NEW TIME CARD

Superintendent Pace, of the Edmonton, Yukon & Pacific railway, has issued a new time card which will take effect Monday, March 30th. The following are the changes made: Train No. 3 (mixed) leaves Edmonton at 13:15 and arrives at Strathcona 13:30. Train No. 2 (mixed) leaves Strathcona at 9:00 and arrives at Edmonton at 9:35. Train No. 4 (mixed) leaves Strathcona at 14:15 and arrives at Edmonton at 14:30. Train No. 5 leaves Strathcona at 15:35 and arrives at Edmonton at 17:50. When two up trains on the C. & E. line and a half hour or over late train No. 5 which now leaves Edmonton at 16:45 will leave at 18 o'clock.

This arrangement will shorten the time of staying in Strathcona and thus allow more time in Edmonton for railway construction as a construction train is being put on the road the first of next month.
—Weather: Maximum temperature yesterday 34 above. To-day minimum temperature 1 below. Precipitation, trace.

SUE FOR HALF-BREDS

An order-in-council has been passed authorizing the minister of the interior, Hon. Clifford Sifton, to issue scrip to the half-breeds at Lac la Poudre in Indian treaty No. 8, who were unable to prove their claims before the scrip commission of 1890.

PARK FOR ALBERTA.

Through the instigation of prominent Red Deer citizens, Capt. W. H. Collingwood, M.P.A., has arranged to purchase at one point corresponding with the boundary of the national park, a tract of land about 300 acres, and as the Red Deer is west of the 4th meridian and east of a point on the line, and is situated five miles northeast of Red Deer, and about 8 miles south-east of Lacombe, near the junction of the Red Deer and Blainville rivers at that point, locally known as the Canyon where the Red Deer has cut for itself a spectacular bank hundreds of feet deep, the scenery in the neighborhood is remarkably beautiful and would be an almost perfect place for a park.

The government have held out reasonable assurance to the investigators of the movement that their request will be granted and this large scrip of land which will be set aside for a park on account of its scenic attractions which are of almost ideal beauty.

BOARD OF TRADES MEETING

A public meeting called by the board of trade was held in the board of trade rooms in the Garipey block this morning. The president, J. B. Mercer in the chair. The subject of discussion was the need of public buildings at Edmonton. A resolution was submitted to have a petition for post office, court house, jail and experimental farm drawn up, circulated for signatures and forwarded to Mr. Oliver, M. P. at Ottawa. J. A. McDougall, G. R. Kirkpatrick, J. H. Garipey, W. R. Richardson and others favored the sending of a delegation to Ottawa to improve the needs of the town upon the government. A motion was carried that J. A. McDougall be appointed delegate of the board of trade and that the town be asked to appoint a delegate and that the town be asked to defray the expenses of the delegation. Messrs. J. B. Mercer, J. A. McDougall, F. Praeger and the delegate who may be appointed by the town were appointed to draft a statement of the needs of the town and circulate it for signatures. It was understood that a telegraph line to Athabasca Landing, a mail service down the Macleod and accommodation for immigrants be included in the representations to be made.

WHITFORD

The cold weather with its north-eastern breeze has given place to much pleasanter weather.

The community has been saddened by the death of a much respected friend, Mr. Desjarlais, who passed away on the evening of March 12th. On Sunday, 15th, the funeral of Mr. Desjarlais was held in Whitford school house. A number were out. The service was conducted by Geo. H. Glover, of Whitford.

R. Stuart, returned from Edmonton some time ago and reports the roads much improved by the recent snow.

We would like all our interested readers to take notice that service will be held in Whitford school house every Sunday at 8 p. m. and Sunday school at 2 p. m. Every two weeks at Manawan at 11 a. m. and every two weeks at Victoria. Everyone is invited and requested to attend these services. Children, come to Sunday school.

D. Hawk and Mr. Carey have returned from a trip to the outlying points on trading business. As spring and wet weather, bad roads, etc., are approaching our wide awake merchants are laying in a store to carry them over this season.
